Section Four - All Around Puerto (part five)

Restaurants and Bars (continued)

Mediterraneo- Stop in and see Fabrizio and Ana- this is a friendly restaurant where you will find good basic Italian food, friendly service, good prices and usually attracts a the local dive crowd.

Tiramisu- Donna and Memo have a very pretty Italian restaurant, the food is good and I have been told the steak is awesome.

Ari Gato- Francesca serves salads, California Rolls, and Sashimi. Everything is fresh, fresh, fresh -she usually buys the fish as soon as it hits the docks. This is a small restaurant bring your own bottle of wine and relax.

Cafe del Mar- Just up the road in Xpu-Ha (the Mayans pronounce the X like SSH) so you will pronounce it Shpu-Ha. Outdoor restaurant on the beach, wiggle your toes in the sand. The Cream of Spinach Soup, the Siciliano Pasta and the Whole Fried Fish are my favorites. Leon has very good food in a very laid back and beautiful place.

The Grotto- If you are looking for something completely different for your family or a special occasion why don' t you consider a private dinner party in a cave! Imagine surprising your friends and family by secretly arranging a dinner in a private cavern! We will accommodate groups of 10-16, with candlelight, a buffet, etc. Inquire with Heather at PA Condos.
