

P.A.Condos - Vacation Rentals in Puerto Aventuras

Section Two - Very Important Information (part one)

Passport, Plane Tickets- It is a really good idea to have all of these things together near something like the car keys that you cannot forget. You would be amazed at how many vacations have been delayed etc. because something important was left behind. If you are traveling with a minor child, PLEASE take note of this. You must have notarized permission from both parents in order to leave the country with a minor child even if you have sole custody you still need permission from both parents. If one of the parents is deceased you will need both notarized permission and a death certificate in order to have the proper documentation. If you have any doubts call the airlines, and call the Mexican Consulate in your area.

Don't forget your spouse, your child or your suitcases- Seriously all of these things have happened to people in the rush to the airport. So please check your belongings and come on down.

Trip Insurance- www.insuremytrip.com

We hope and think you will enjoy Puerto Aventuras and come to love it as much as we do.

***We truly believe that we live in the
'Jewel of the Caribbean'***
